I had a blast attending Elite! The small class sizes make it feel so homey and welcoming. They were beside us every step up the way, making sure we were comfortable with what we were learning and doing! Since graduating, I have had lots of people ask where I attended school and I am always happy to say Elite! It was a great experience!

## alumni review

Being a student at Elite helped me grow, not only my career, but as a person. I enjoy talking to people and socializing more than I ever have. It was a struggle when first enrolled, but Deidre was the best mentor I could have asked for. She helped with not only the social aspect, but pushed me to be self critical to make myself a better nail tech!
